

# BOOKSHELF SPEAKERS. A 26, A 25 AND A 23.

The bookshelf speakers feature just about the same technology standards as do the floorstand speakers. Each is cleverly appointed with magnetic grilles and stylish contours for an uncluttered visual appeal. Even when not using the most powerful amplifier, the incorporated Deep Channel Design® (DCD) woofer chassis guarantee clean and precise bass. And the 1" Kortec soft dome tweeter ensures that not a single detail gets lost.

# BOOKSHELF SPEAKERS.

## A 26, A 25 AND A 23.

Each A-Series speaker comes cleverly appointed with magnetic grilles and stylish contours for an uncluttered visual appeal. Besides the modern styling, the sound quality of these speakers is exceptional!

In a two-channel music system, as surrounds in a multichannel home theater, or as front speakers with the A 225, these versatile bookshelf speakers are compact enough to sit comfortably on virtually any shelf, stand or table top.

### Available Colors

High-Gloss Black and Satin Cherry

- High-contrast finish with scratch resistant high gloss panels for stunning good looks
- Boston's 1-inch Kortec® soft dome tweeter for crystalline high frequencies
- Advanced ceramic/glass fiber polymer woofer with Deep Channel® Design (DCD) deliver more bass response from less amplifier power
- Acoustically tuned ports for improved low frequency response
- Easy Hook-Up 5-way gold-plated binding posts provide total hook-up flexibility and the purest signal transfer
