PS4™ Setup/Configuration PS4

Basic Setup/Configuration de base

Note that on this PS4 setup, the included inline amp is not used, there will be no independent volume controls, bass and treble boost, mic monitoring and auxiliary audio input.

FR | L'amplificateur sur le câble n'est pas pris en charge par la configuration du système PS4. Vous ne pourrez donc pas régler indépendamment le volume, l'amplification des basses et des aigus, le son du microphone et l'entrée audio auxiliaire.
ES | En la configuración para PS4 no se utiliza el amplificador en línea incluido, por lo que no habrá controles de volumen independientes, potenciómetro de graves y agudos, monitor de micrófono ni entrada auxiliar de sonido.
DE | Bei der Einrichtung für PS4 wird der mitgelieferte Inline-Verstärker nicht eingesetzt. Damit besteht auch kein Zugriff auf die Funktionen der getrennten Lautstärkerregler, des Bass- und Höhen-Bosts, des Mikrofonmonitors und des AUX-Audioeingangs.
IT | Nell'impostazione per PS4, l'amplificatore integrato non viene usato, pertanto non sono presenti comandi per il volume indipendente, potenziometro di bassi e degli alti, controllo del livello di uscita del microfono e ingresso audio ausiliario.
PT | Na configuração no sistema PS4, o amplificador in-linea incluído não é usado. Como tal, não haverá controlos independentes do volume, reforço de graves e agudos, monitorização do microfone, e a entrada de áudio auxiliar.
SV | Vid PS4-installationen används inte signalförstärkaren och därmed finns det inte individuella volymkontroller, bas- eller diskantförstärkning, mikrofonkontroll eller auxingångar.
DA | I PS4 opsætningen vil den medføjede inline-forstærker ikke blive brugt, og dermed vil der ikke være nogen uafhængige volumenkontroller, bas- og diskantforstærkning, mikrofonovervågning eller ekstra lydindgang.
NL | Bij de setup voor PS4 wordt de inbegrepen versterker niet gebruikt. Het is daarom niet mogelijk om het volume, de bas, treble, de microfoonmonitor en de extra ingang afzonderlijk te besturen.

With Inline Amplifier/Avec amplificateur en ligne

The inline amplifier must be connected to USB power for this setup.
La télécommande doit être connectée en USB pour cette configuration.

Auxiliary input for taking calls or streaming music from your phone while gaming.
Entrée auxiliaire pour prendre des appels ou diffuser de la musique.

On the go/Nomade

PS3™ HDMI Setup/Configuration HDMI PS3

Xbox 360® Slim HDMI Setup/Configuration Xbox 360® Slim - HDMI

*For best Xbox chat performance, use with official Microsoft Xbox 360 products. **Older Xbox 360 models and Xbox 360 Slim models require an Xbox 360 Audio Adapter Cable for audio output when used with an HDMI connection (Adapter available from turtlebeach.com). Note: If your HDMI TV has red and white AUDIO OUT (RCA) jacks, you can use it to feed the sound from your TV to your Ear Force PX22 headset. (AUDIO IN jacks will not send sound to your headset. AUDIO OUT is required.)
*Pour des performances optimisées de chat sur Xbox, utilisez les produits officiels Xbox 360 de Microsoft. **Tous les modèles de Xbox 360 exigent un câble adaptateur audio Xbox 360 pour la sortie audio lorsque la connexion HDMI est utilisée (l'adaptateur disponible sur turtlebeach.com). Remarque: si votre téléviseur a des prises de sortie AUDIO OUT (RCA) rouges et blanches, vous pouvez vous en servir pour amener le son de votre téléviseur à votre casque PX22. (Les prises d'entrée AUDIO IN) n'achèveront pas le son vers votre casque. Il est nécessaire d'utiliser des prises de sortie AUDIO OUT).

Regulatory Compliance Statements for the Ear Force PX22 WHITE Models

Federal Communications Commission (FCC) Compliance Notices

Class B Interference Statement: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15, Subpart B of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Caution: This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Canadian ICES Statements: Canadian Department of Communications Radio Interference Regulations. This digital apparatus does not exceed the Class B limits for radio-noise emissions from a digital apparatus as set out in the Radio Interference Regulations of the Canadian Department of Communications. This Class B digital apparatus complies with Canadian ICES-003.

Règlement sur le brouillage radioélectrique du ministère des Communications: Cet appareil numérique respecte les limites de bruits radioélectriques visant les appareils numériques de classe B prescrites dans le Règlement sur le brouillage radioélectrique du ministère des Communications du Canada. Cet appareil numérique de la Classe B est conforme à la norme NMB-003 du Canada.

Declaration of Conformity Marking by this symbol: **CE**

Indicates compliance with the Essential Requirements of the EMC Directive of the European Union (2004/108/EC). This equipment meets the following conformance standards:

Safety: EN 60950-1:2006 + A11:2009 + A1:2010 + A12:2011 (UL-Mark License). Also Licensed for Standards: IEC 60950-1:2005 (2nd Edition) + Am 1:2009 (2) Scheme Report/Certificates: UL 48950-1:2007 (R12.1) (INTEL Licensed), CAN/CSA-C22.2 No. 40950-1-07 + A1:2011 (SCC Licensed), EN 50332-1:2000, EN 50332-2:2003. Additional licenses issued for specific countries available on request.

Emissions: EN 55022:2010, CEM/F, 2006, Immunity EN 55024:2010, EN 55024:2010, EN51000-4-2 (2009-12), EN61000-4-3 (2010-04), EN61000-4-4 (2011-03), EN 61000-4-4 (2005), EN 61000-4-8 (2009-09)

These products are licensed, as required, for additional country specific standards for the International Marketplace. Additional issued licenses available upon request.

Environmental: Low Voltage Directive 2006/95/EC, RoHS 2011/65/EU, REACH 2006/1907/EC, WEEE 2002/96/EC, Packaging 94/62/EC

This symbol on the product or its packaging indicates that this product must not be disposed of with your other household waste. Instead, it is your responsibility to dispose of your waste equipment by handing it over to a designated collection point for the recycling of waste electrical and electronic equipment. The separate collection and recycling of your waste equipment at the time of disposal will help conserve natural resources and ensure that it is recycled in a manner that protects human health and the environment. For more information about where you can drop off your waste for recycling, please contact your local authority, or where you purchased your product.
