OPERATION MANUAL

DVD VIDEO | COMPACT disc DIGITAL AUDIO | DOLBY DIGITAL | DivX | mp3
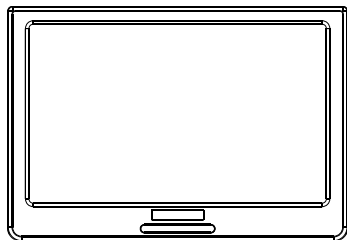

Thank you for purchasing this tablet DVD player. Please read this manual carefully before operation and reserve it for future reference. It will be helpful to you when you encounter any operational problem.

CAUTION: These servicing instructions are for use by qualified service personnel only. To reduce the risk of electric shock, do not perform any servicing other than that contained in the operation manual unless you are qualified to do so.

WARNING: To reduce the risk of fire or electric shock, do not expose this device to rain, moisture, dripping or splashing. No object filled with liquids (such as vase) shall be placed on the device. High voltages are present inside the unit. Under no circumstances should you try to repair the unit yourself. Refer servicing to qualified personnel.

LASER: This unit employs a laser. Due to possible eye injury, only qualified service personnel should remove the cover or attempt to service this device.

Use of controls or adjustments or performance of procedures other than those specified herein may result in hazardous radiation exposure.

Visible and invisible laser radiation will be exposed when open and interlocks defeated.

DO NOT STARE INTO BEAM!

DVD

CAUTIONS ON USING THIS PLAYER

1. DO NOT MOVE THE PLAYER DURING PLAYBACK
During playback, the disc spins at high speed. So do not lift or move the player. Doing so may damage the disc.

2. TRANSPORT THE PLAYER
Before transporting the player, please remove the disc, turn off the power, and unplug the power cord .

3. PLACE OF INSTALLATION
Select a stable place near TV or stereo system to which you are going to connect the player.
Do not place the player on top of a TV or color monitor.
Install the player away from cassette decks or other devices which are easily affected by magnetic forces.

4. TURN OFF THE POWER WHEN NOT USING THE PLAYER
If the player is connected to your TV but not in use, switch the power off. It can avoid interference with your normal TV picture.
Noise problems may also be experienced if the player is used near a radio.

5. STORAGE TEMPERATURE OF THE PLAYER
Do not leave the player in places where the temperature is extremely low (about -10℃ or lower) or extremely high (about 60℃ or higher), such as inside the passenger cabin or trunk in midsummer. Doing so may warp the outer case or reduce the performance or quality of the battery pack.

6. WHEN USING WITH CAR POWER CABLE (OPTIONAL)IN CARS
Please turn the engine on and then connect the car power cable for using.

7. CLEANING THE PLAYER
Normally clean the player with a soft dry cloth. For tough dirt, apply some neutral detergent diluted in 5 to 6 parts water to a soft cloth, and wring out thoroughly. Wipe off the dirt, then clean the player with a dry cloth. Note that alcohol, thinner, benzene, insecticides, etc., may cause the paint or coating to peel off.
Also avoid leaving rubber or plastic products in contact with the player for long periods of time, as this may damage the cabinet. When using chemically treated cloths, read the cloth's instructions carefully. Always unplug the power cord from the power outlet before cleaning the player.

8. COPYRIGHTS
Unauthorized duplication, broadcast, public performance or rental of discs is prohibited by law.

9. MODEL NUMBER
To see the model no. of the player, you can unlock the stand, and see it printed on the backplate.

DVD

## TYPES OF DISCS PLAYABLE ON THIS PLAYER

The discs listed on the table below can be played on this player without an adapter.
The marks shown on the table below are indicated on the disc's label, package or jacket.

Types of playable discs and their marks	Diameter/Playable sides		Playback time
DVD-Video disc **DVD** V I D E O	DVD video 12cm/single- sided 12cm/double- sided DVD video 8 cm/single- sided 8 cm/double- sided	1 layer 2 layer 1 layer 2 layer 1 layer 2 layer 1 layer 2 layer	Playback time (MPEG 2 format) 133 minutes (4.7GB) 242 minutes (8.5GB) 266 minutes (9.4GB) 484 minutes (17GB) (MPEG 2 format) 41 minutes 75 minutes 82 minutes 150 minutes
CD COMPACT disc DIGITAL AUDIO	CD 12 cm/single-sided CD 8 cm/single-sided		74 minutes 20 minutes

Marks indicated on DVDs

DVD discs or packages include the marks shown below. These marks indicate the type of video or audio signals recorded on the disc and the functions that can be used.

Mark	Meaning
②))	Indicates the number of audio tracks.
🎥 3	Indicates the number of angles.
16 : 9 LB	Indicates the selectable picture aspect ratio.
🌐 🌐	Indicates the playable region number.

PLAYABLE FORMATS

The unit is able to play most audio/video files such as:
PICTURE: JPEG
AUDIO: MP3, WMA
VIDEO: DAT, VOB, MPEG2, MPEG4 (AVI,DIV)

PACKAGE CONTENTS

After unpacking, check the package contents of Click 10 first.

NOTES ON USING THE REMOTE CONTROL

1. Do not drop or step on the remote control or subject it to shocks.
2. Note that the remote control may not work if there is any obstacle between the remote control sensor and itself.
3. Do not expose the remote sensor to strong light. Doing so may make operation impossible.
4. Use the remote control within the specified operating range.

REPLACING THE BATTERY

1. Use your fingernail to press A and pull out the battery holder according to the indicated direction.
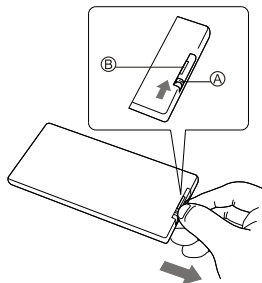

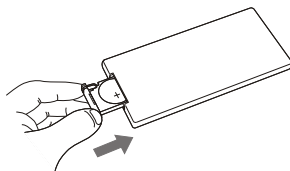

2. Remove the old battery, and put a new one onto the battery holder with the + side facing upwards.

Lithium Battery (CR2025)

3. Put the battery holder back to its place.

Note:

■ To prevent leakage of fluid from the lithium battery, remove the battery when not using the remote control for a long time (one month or more).
If the battery leaks fluid, carefully take the battery out and wipe the battery holder, then replace the old battery with a new one.
Caution: The battery may present a risk of fire if not handled properly. Do not recharge, disassemble, or heat it above 100℃.
■ Replace battery with the same type.
■ Dispose of used batteries properly, keep away from children and do not dispose it into fire.

DVD

CONNECTING THE ADAPTER TO A SOCKET
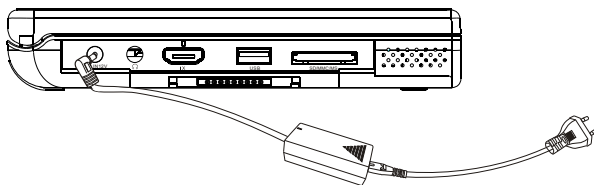

USING AN EARPHONE /AN AMPLIFIER

1. Set the volume to its minimum sound level.

2. Connect an earphone or an amplifier to the earphone jack.

3. Adjust the volume to a sound level you prefer.
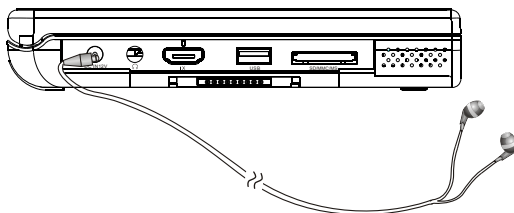

CONNECTING ACCESSORIES TO iX PORT

Connec t acce ssorie s, suc h as AV bo x, TV box, and FM docking, to the iX port as shown below.

AV box
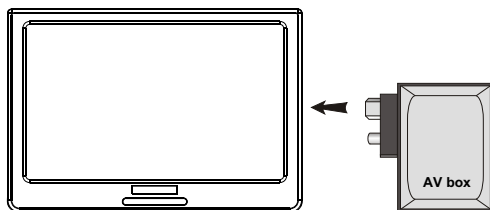

Note: Do not connect HDMI cable to the iX port, or it may cause damages.

INSERTING A USB DISK INTO THE PLAYER

Insert a USB disk as shown below.

Note:
The player may not work properly if a USB disk is connected to a USB cable / hub.

INSERTING A MEMORY CARD INTO THE PLAYER

Insert a USB disk as shown below.
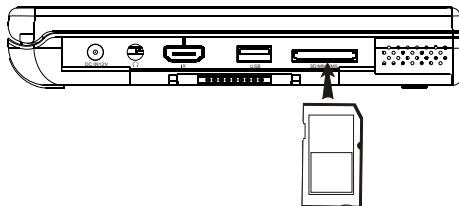

Note:
1. Because of various sizes of memory cards, please slightly adjust the angle if a memory card cannot be read.

2. Mini SD adapter or dual voltage SD cards may not be recognized by the player.

3. Please do not use an MS-PRO adapter with a surface whose paint has fallen off. Doing so may cause damages.

DVD

TURNING ON THE PLAYER BY USING THE ADAPTER

1. Connect the included AC/DC adapter to a socket.

2. Connect the DC output plug of the adapter to the DC input jack on the unit.

3. Once the player is connected to the adapter or the backplate of Click & Go, the player
   will automatically turn on.

Note:
   The included AC/DC adapter is compatible with voltage from 100V to 240V. You can use
   it overseas, and a converter plug may be used to fit into the region in which you are
   traveling.

TURNING ON THE PLAYER BY USING THE BATTERY

1. The player also works without adapter if the battery is charged.

2. The built-in battery (7.4V/3200mAh) allows up to 2.5-hour use.

3. Press ON/ ▶II on the unit for about 2 seconds.

SELECTING A LANGUAGE

When the player turns on for the first time, the following menu will pop up for you to select a language. 6 languages are provided:English,Deutsch,Español,FranÇais,Italiano,and Swedish. . Navigate to the language you prefer, and press ▶️II to confirm.

TURNING OFF THE PLAYER

1. Press OFF / ■ on the unit for about 2 seconds.
2. Unplug the adapter from a socket.
3. Disconnect the DC output plug from the DC input jack.

OFF
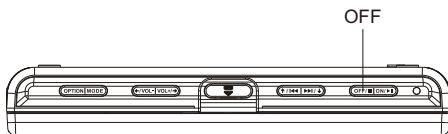

Note:
  If there is no operation within 5 minutes, the message below will pop up on the screen
  for 10 seconds.

2. To keep using the player, you can press any button to exit the message interface, and the player will go back to its normal condition. If there is no operation within these 10 seconds, the player will automatically turn off.

LOADING

1. Press the OPEN button on the unit to open the disc door.
2. Insert a disc, and press it down with your fingers near the center hole. You can hear a click sound.
3. Close the disc door.
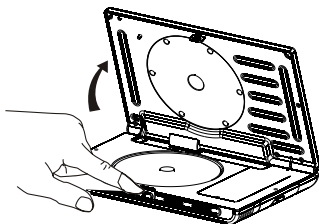

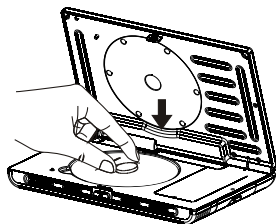

1   2

Note:

1. Make sure the disc is inserted properly. Failure to insert it properly may result in damages.
2. Do not use warped or cracked discs.
3. For single-sided discs, place them with the label side up.
4. For double-sided discs, since they have a recording layer on both sides of the disc, check each other carefully and make sure not to scratch them when removing them from the player.

DVD

PLAYBACK

1. Turn the power on.

2. Open the disc door, and insert a disc correctly.

3. Close the disc door.

4. The player will load the disc, and start the playback automatically. If not, press ▶❚❚ .

ON/▶❚❚
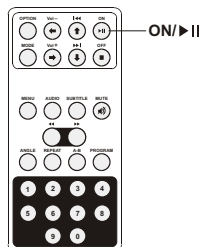

STOPPING PLAYBACK

1. Press ■ during the playback, and the player remembers the stopping point.

2. To resume playback from its stopping point, press▶❚❚.

3. To cancel the stopping point, press■ again in the STOP status. The player will not resume playback from the stopping point next time you press ▶❚❚.

OFF/■
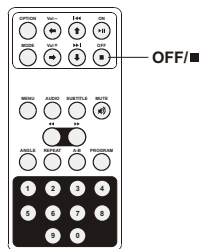

PAUSING PLAYBACK

1. Press ▶❚❚ during the playback.

2. To resume playback, press▶❚❚ again.

ON/▶❚❚

OPTION

When the OPTION button on the unit is pressed, an option list will pop up, which includes the settings of IR Headphone, Display, Setup, Disc Menu, Information, Mute, Audio, Subtitle, Repeat, and Zoom.

IR HEADPHONE

When an IR headphone is connected to the player, you can select the channel you prefer. Navigate to IR Headphone, and press ▶❙❙ to enter the sub-menu.

- ■ **Channel A:** If you want to select Channel A, select this, and press ▶❙❙ to confirm.
- ■ **Channel B:** If you want to select Channel B, select this, and press ▶❙❙ to confirm.
- ■ **Off:** When there is no IR headphone connected to the player or you want to turn off the IR headphone, select this, and press ▶❙❙ to confirm.

DISPLAY

Navigate to Display, and press▶ll to enter the sub-menu.
1. Brightness: Navigate to Brightness ☼ , press▶ll, and then use ↑ and ↓ to adjust the brightness. Press ▶ll to confirm.
2. Color: Navigate to Color ⊘ , press▶ll, and then use ↑ and ↓ to adjust the color. Press ▶ll to confirm.
3. Screen ratio: Navigate to Screen ratio ▱ , press▶ll, and then use↑ and ↓ to select between 16:9 and 4:3. Press ▶ll to confirm.
4. AV IN: Navigate to AV IN ⌷ , press ▶ll , and then use ↑ and ↓ to select between CVBS and S-VIDEO. Press ▶ll to confirm.

TV SYSTEM

Some DVDs have set up TV systems, and their TV systems may be varied. Before playing a DVD, you need to check its TV system first, and select the proper system. Navigate to SETUP, press ▶ll to pop up the menu of TV System, and press ▶ll again to enter the menu.
■ **NTSC:** Select this if the player is connected to a NTSC TV.
■ **PAL:** Select this if the player is connected to a PAL TV.
■ **AUTO:** Select this if the player is connected to a multi-system TV.
   The default setting is AUTO.

Note:
   If an incorrect TV system is selected, the picture will be displayed in black and white.

SCREEN SAVER

Navigate to Screen Saver, and press ▶❚❚ to enter the sub-menu.
■ **ON:** Select this to activate the screen saver. When the player is in STOP or NO DISC status, or there is no motion for a long time, the screen will be displayed to protect the screen from damages.
■ **OFF:** Select this to cancel the screen saver.
  The default setting is ON.
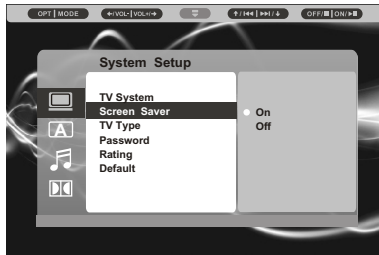

TV TYPE

Navigate to TV Type, and press ▶❚❚ enter the sub-menu.
■ **4:3PS :** Select this to adjust DVD aspect ratio to 4:3 pan & scan.
■ **4:3LB :** Select this to adjust DVD aspect ratio to 4:3 letterbox.
■ **16:9 :** Select this to adjust DVD aspect ratio to 16:9.
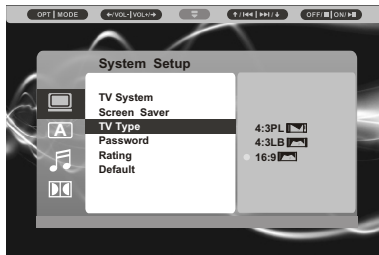

PASSWORD

The Password function is provided for parents to give DVD access to their kids selectively.

- For the first time use, enter 0000 or the assigned password to unlock the parental control.
- Once the parental control is unlocked, go to the RATING menu and set the rating for a program.
- Assign a new password (4 digits) to lock the rating.
- If you forget the password you assign, enter 0000 to unlock the rating again.

Navigate to Dynamic Range, and press ▶॥ to enter the sub-menu. This setting is to adjust the line out compressing ratio and get different effects. Use and to adjust it, and press ▶॥ to confirm.
If Off is selected, the audio signal peak value will be compressed to its minimum;
If Full is selected, to its maximum.

DVD

DIVX[R] VOD

DivX VOD files are downloaded after paying a rental from certain commercial websites. Prior to downloading a VOD you need to input the registration number of your DVD player on the purchase form on the site. Write down the VOD 8-character registration number so that you can fill in the form on the website you purchase your DivX VOD files from

To check the registration number, press OPTION on the unit or on the remote control, navigate to SETUP, and press ▶II to enter the sub-menu. Navigate to DIGITAL SETUP, and press ▶II to pop up the interface below.

Then press ▶II again, and the message below will appear.
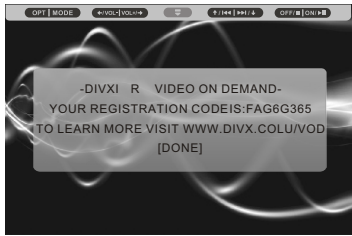

Note:
1. The registration code will be changed each time you use it to download the DivX files. You have to use new code to carry out downloading operation next time.
2. If you cannot play a DivX VOD file recorded on a CD-R disc after downloading it, the rental period allocated during purchasing from the website may have expired. It is also possible that the recorded file is not compatible with your player because of different versions or in correct download parameters. The parameters used when copying to CD-R may be another reason for this.
3. Since it is not possible here to supply all the information, parameters and advice relating to the use of DivX VOD files, we recommend that you visit speciallist websites such as www.divx.com/vod.
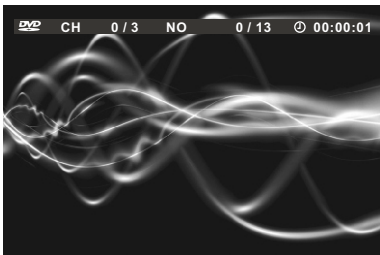

DISC MENU

If a disc is provided with a menu, you can display the menu by navigating to Disc menu and pressing ▶❚❚, or by pressing the MENU button on the remote control.

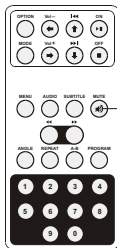

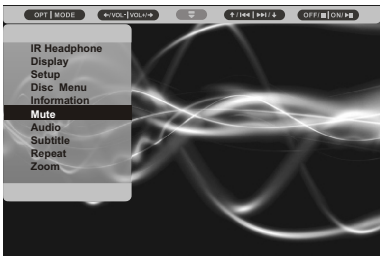

MENU
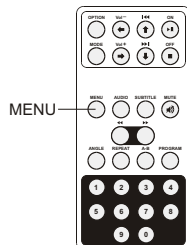

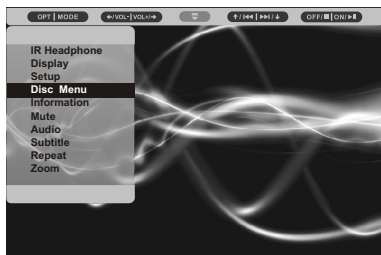

INFORMATION

Navigate to Information, and press ▶❚❚ The disc and playback information will be shown on the top of the screen.

MUTE

To mute the sound, you can either navigate to MUTE and press ▶‖, or press the MUTE button on the remote control. Repeating the above step will un-mute the sound.

MUTE

AUDIO

If a DVD is provided with different audio languages, you can choose the audio language you prefer by navigating to AUDIO and pressing ▶❚❚ , or by pressing the AUDIO button on the remote control.

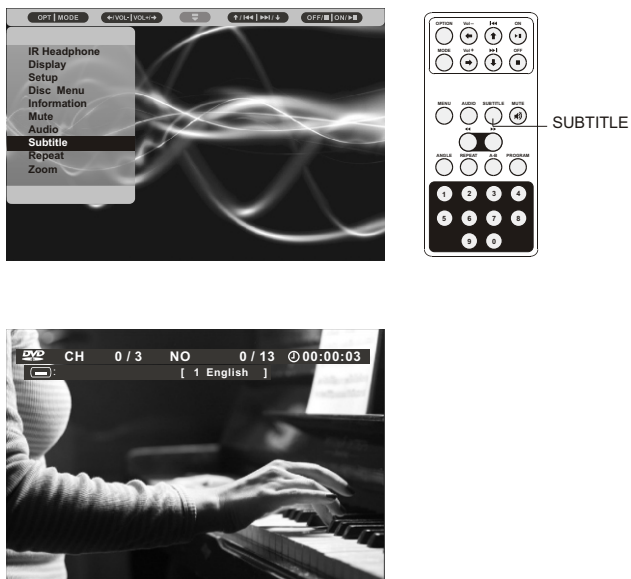

AUDIO
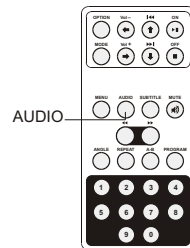

Note:
For VCD or CD, you can choose different channels to play.

SUBTITLE

Select the subtitle you prefer on DVDs by navigating to Subtitle and pressing ▶❚❚, or pressing the SUBTITLE button on the remote control during playback.
