LONG LIFE

Everio R

Ready for what's happening, when it's happening.

Everio R

When you're outdoors camping, trekking, skiing or otherwise adventuring, special moments can happen anytime. When they do, Everio R is ready to capture them right then and there, with momentous results.

Quad Proof + Long Life

5m Waterproof
Whether you drop it into water or dive with it, IPX6/IPX8 certified waterproofing keeps Everio R running.

Dustproof
IP5X certified dustproofing lets you use Everio R in some seriously dusty environments without worry.

Dust

5H¹ Internal Long-Life Battery

Shoot entire events, with no risk of damage by changing the battery in bad weather.

5H Battery

1.5m Shock

1.5m Shockproof

Accidental droppage can destroy an ordinary camcorder, but Everio R is built tough to take it in stride.

-10°C Freezeproof

Take Everio R out in the snow or on the slopes – even if you're freezing, Everio R will keep working.

-10°C Freeze

Compatible with Portable Battery² and USB Charging

Additional power wherever you are.

¹ 5H is the approximate time of continuous recording in 50i if the internal battery has been fully charged, when the LED light (if available) is off, the monitor backlight is set to standard mode, and without the use of zoom function.
² When used with a portable battery of over 1.0A, 5V and over 5200mAh. Compatibility is not guaranteed for all portable batteries.

Note: Quad Proof is not a guarantee of protection against damage and malfunction.

HIGH QUALITY IMAGE AND SOUND

Full HD 1920x1080 Recording

Record, watch and share high quality video in native Full HD resolution. 1080/50p progressive recording is also available for high-end models.

Enhanced Image Stabiliser

Count on steady, less jittery images with effective compensation for camera shake.

Without Stabilisation

With Stabilisation

K2 Technology

Restores sound elements that are lost during digital compression, assuring realistic sound of recorded scenes.

MORE FUN IN RECORDING AND PLAYBACK

40x Optical and 60x Dynamic Zoom

Zoom to 40x magnification with full optical quality, then beyond to 60x without sacrificing resolution.

Zoom Position Memory and Zoom Microphone

You can instantly return to a pre-set zoom position while the zoom microphone varies the focal point to match the picture.

Recording with LCD Monitor Closed

Recording continues even when the monitor is closed so you can use the camera in more active situations.

Conversion Lens Attachable

A 37mm filter thread enables you to attach various third-party filters and conversion lenses. Boost your creativity.

One-Touch Slow Motion Playback

Instantly engages slow motion playback while playing back a video. Convenient way to check movement of sports scenes.

Time Counter REC/PLAY

Timer Counter REC

Time information can be recorded along with the video. Counter keeps rolling even while not recording or when the camera is turned off.

Time Counter PLAY

Starts time counter at any point and the elapsed time is displayed on screen. Use it as a stopwatch. No effect on the original recording.

Self Check REC/PLAY

Automatically repeats recording and playback at set intervals. Good for checking your own form, such as a swing or a step.

ENHANCED CREATIVE CAPABILITES

Wi-Fi Functions Wi-Fi models only

- Remote Recording and Data Transfer*

- Various Functions using Tablet and Apps*

Mirroring Playback for dance practice, score superimposing, and lots more!

* Free apps available for Android and iOS.

Works with iMovie and Final Cut Pro X

Edit your video afterwards just like pros do.

Optional Accessories

Roll Bar Mount

^{*3} When used with a portable battery of over 1.0A, 5V and over 5200mAh. Compatibility is not guaranteed for all portable batteries.

Provided Accessories

- AC Power Adapter and Cable
- AV Cable
- USB Cable
- Lens Cap

Precautions for Quad Proof Function

- Malfunction due to misuse by the customer is not covered by warranty.
- Before use in water, be sure to read the "Detailed User Guide" in the built-in memory of the camcorder.
- Close the connector cover firmly until it clicks and confirm that the red sign completely goes off.
- Make sure that there is no damage to and no foreign material adhered to the packing inside the cover.
- Use the camcorder in marine water and fresh water not deeper than 5m and for not more than 30 minutes.
- The waterproof cannot be guaranteed if the camcorder is subject to impact such as dropping.
- Do not apply impact in water.
- Do not soak the camcorder in hot springs or water of 40°C or higher.
- Dustproof function is not meant to encourage use on sand. Avoid use in conditions where sand and/or dust particles can become lodged in moving parts such as the LCD monitor hinge and zoom lever.
- Temperatures between 0°C and -10°C temporarily lower battery performance, reducing the time available for recording.
- Quad Proof is not a guarantee of protection against damage and malfunction.

Everio MediaBrowser™ 4

(Provided in the built-in memory of the camera)

System Requirements

- OS: Windows® 10 Home / Windows® 10 Pro (64-bit edition, pre-installed)
