#### **O SMARTWATCH**

# FOSSIL

# **QUICK-START GUIDE**

To get started, put your Fossil Q on the magnetic charger to power it. Download the latest version of the Android Wear<sup> $\mathsf{TM}$ </sup> App onto your smartphone, then open the app, enable Bluetooth and follow the steps on your smartwatch.

#### **NAVIGATION**

SWIPE DOWN: Quick Settings

**SWIPE LEFT OR RIGHT**: Watch Faces

**SWIPE UP:** Notifications

#### INTERACTIVE DIALS

Tap once on each sub-dial individually to see information at a glance. Double tap the sub-dials to change.

#### **NOTIFICATIONS**

Tap on a notification to expand it.

View multiple notifications by swiping up and down.

To dismiss a notification, swipe right.

Tap "Reply" on the notification and respond using your preferred keyboard.

## **HOME BUTTON**

- Press for features and settings menu.
- Press and hold to access Google Assistant™\*.
- ← Use it to go back to main watch dial.

#### **CHARGING**

Place smartwatch on the magnetic charger. The battery will last up to 24 hours, based on usage.

#### **ACTIVITY**

Press the button, scroll through the app launcher, and tap the Google  $Fit^{TM}$  icon.

#### **APPS**

Download third-party apps like Uber or Spotify through your watch.

#### **GOOGLE PLAY**

The all-in-one app store for your watch— Android users can directly download content without a Wi-Fi connection. iOS users will need to be connected to Wi-Fi.

### **CHANGING STRAPS**

Flip the watch over and release the pin on the strap. Place the new strap in one link at a time. Lock the pin strap by securing it to the right.

To remove links on a bracelet, please visit your nearest Fossil store.

# **CUSTOM WATCH FACES**

On main dial screen, swipe right or left to browse options and simply tap to update. Once you've chosen a dial, tap and hold to change the color.

Download new watch faces from the Google Play™ store to your smartwatch.

# STAYING CONNECTED

Having trouble keeping your smartwatch connected? Here are a few steps you can take:

- Make sure the Android Wear<sup>™</sup> App is running in the background.
- Try turning Bluetooth on and off.
- Keep your smartphone and smartwatch updated with the latest firmware. On your watch, go to System, then About and click on System Updates to see if it's the most recent.
