

My Passport[®] Essential[™] SE

Portable Hard Drives

**Next generation
high-capacity
storage to go**

Dual USB 3.0 and USB 2.0 compatibility

WD SmartWare[™] visual backup software

Hardware encryption, password protection

The world's number one selling portable drive features USB 2.0 and USB 3.0 connectivity for compatibility today and speed for the future. Maximum capacity in a portable drive lets you carry your digital life with you. Visual backup software and password protection with hardware encryption ensure your data is protected.

PUT YOUR LIFE ON IT[®]

My Passport Essential SE

Portable Hard Drives

Product Features

Dual USB 3.0 and USB 2.0 compatibility

A single drive with universal compatibility today and next-generation speed for tomorrow. Use it with USB 2.0 now and step up to USB 3.0 speed when you're ready.

Up to 3x faster transfer rates

When connected to a USB 3.0 port this drive lets you access and save files up to three times faster than USB 2.0. Transfer a 2-hour HD movie in just under five minutes instead of 14 minutes.*

**Performance may vary based on user's hardware and system configuration.*

Maximum capacity

Store all your favorite photos, music, movies, and important files on this high-capacity, portable drive.

WD quality inside and out

For over 20 years, millions of people worldwide have trusted their data to WD hard drives. We are successful because we understand the importance of your data and our first concern is keeping that data safe.

WD SmartWare software

You're in control of your backup. Install all the features, select just the components you need, or if you prefer, choose not to use the software at all.

Automatic, continuous backup

Works quietly in the background to protect your data using minimal PC resources. Whenever you add or change a file it's instantly backed up.

Password protection for privacy

Gain peace of mind knowing that your data is protected from unauthorized access with password protection and encryption.*

** A model with disabled encryption is also available.*

USB-powered

USB-powered directly from the USB port on your PC. No separate power supply is needed.

Planet friendly

We designed a small box and used recycled material to minimize waste. We encourage you to recycle it.

USB 3.0 transfers files up to 3x faster than USB 2.0*

500 Photos

With USB 3.0  54 seconds
With USB 2.0  2 minutes 2 seconds

2000 Songs

With USB 3.0  4 minutes
With USB 2.0  8 minutes 27 seconds

2-hour HD Movie

With USB 3.0  4 minutes 50 seconds
With USB 2.0  14 minutes 27 seconds

**When connected to a USB 2.0 interface data transfers will occur at USB 2.0 speeds.*

As used for storage capacity, one megabyte (MB) = one million bytes, one gigabyte (GB) = one billion bytes, and one terabyte (TB) = one trillion bytes. Total accessible capacity varies depending on operating environment. As used for transfer rate or interface, megabyte per second (MB/s) = one million bytes per second, and gigabit per second (Gb/s) = one billion bits per second.
